about the
Reflections
program:

2022-2023 THEME: "SHOW YOUR VOICE"

WHAT IS REFLECTIONS? The National PTA Reflections Program is an arts recognition program to encourage artistic creativity in the classroom and at home. Children in preschool through grade 12 are encouraged to create and submit original works of art. The Reflections program allows PTAs throughout the state to recognize children for their creativity as they reflect on the yearly theme. Teachers, children and community can get involved in enhancing arts education through the Reflections program.

If your child is interested in creating an original work of art that is based on the theme "Show Your Voice", please complete and return this form to your teacher by September 16, 2022.

This form indicates participation intent. Student Entry Forms and Official Rules will follow once available.
